Chorus: *Here's to beer that tastes like beer! An amber glass of wholesome cheer A noble brew that has no peer Beer that tastes like beer!*

For centurys the brewers craft Produced the most exquisite draft When he brews with what he oughter

Barley malt, hops, yeast and water.

[*chorus*]

Let cheese be cheese and bread be bread Don't serve us soap or sponge instead While sausages may cause some fear For goodness sake let beer be beer!

[*chorus*]

Among the most requested favors Please avoid exotic flavors Fruits and nuts and spices queer Have no place in honest beer!

[*chorus*]

Oh stay the bung don't drive the spile On concoctions rank with adjuncts vile Cornflakes, rice and rats from sewers Fine for cooks but not for brewers!

[*chorus*]

So stick with what is good and true A beery tasting, smelling brew Then you'll earn our highest rating Refreshing yet intoxicating!

[*chorus*]
